

Dream Meanings Navigation Tips

1. To enroll in this course

To enroll in this course, please click on the **ENROLL NOW** button.

If you bypass this step, you can log in to the site but not be enrolled. You are enrolled when you receive an automated enrollment email. For example:

“You are Enrolled in a New Dream Meanings Course.”

If you did not receive an email after you enrolled, please get in touch with admin@chozehconnections.com. The instructor will manually add you to the course roster. The instructor may notice that you need to enroll and add you before you ask.

You must “enroll now” once for each new course published. However, you will NOT need to create a new login/password for future courses.

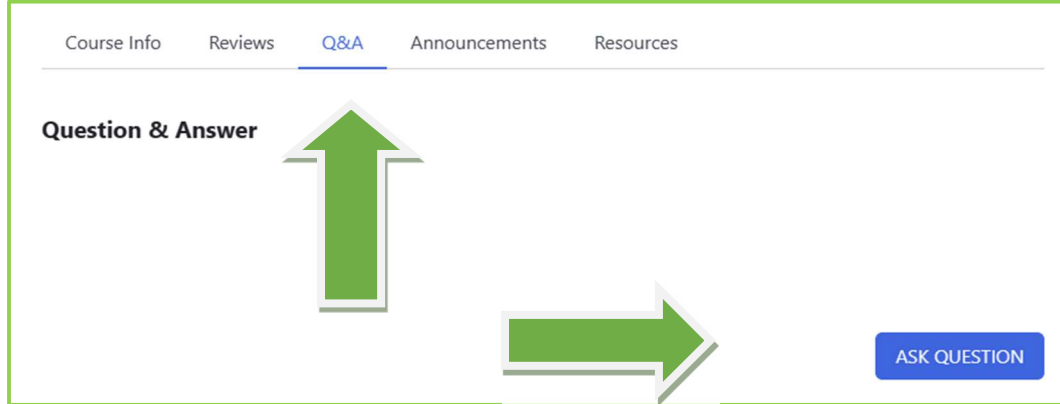

2. Tabs

The **Q&A**, **Announcements**, and **Resources** tabs are only visible to enrolled students.

The screenshot shows a course page with a navigation bar at the top containing tabs for "Course Info", "Reviews", "Q&A", "Announcements", and "Resources". The "Q&A" tab is highlighted with a green arrow pointing to it. Below the navigation bar, the "About Course" section is visible, featuring a description of the course and a "Show More" button. To the right, there is a section for the instructor, "A course by Jacquie Robinson, Dream Instructor", and a "Material Includes" section with a list of topics.

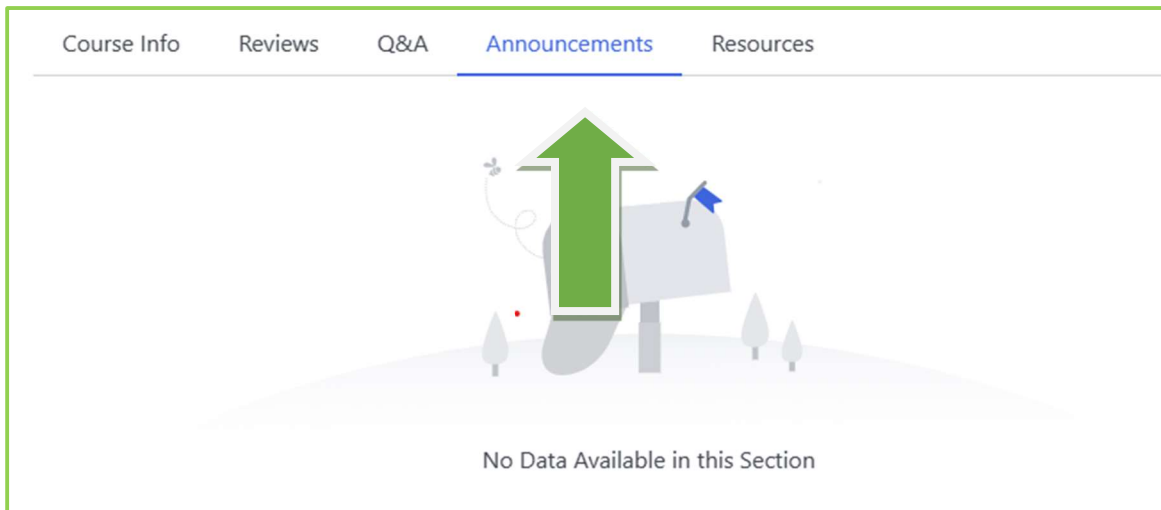

3. Q&A (Questions and Answers)

The **Q&A tab** is visible to enrolled students. The instructor will answer the questions posted. Other enrolled students may comment or add related questions and view responses to the thread. The student(s) who posted a question will be notified by email when a reply has been published by a link in the email or by visiting the Q&A tab.

4. Announcements

The **Announcements tab** is visible to enrolled students. The instructor may send a general notice to all enrolled students. Enrolled students will receive an automated email that an announcement has been sent. The information can be accessed via that email or read under the Announcements tab. For example, a notification will be sent out if the site needs to be temporarily offline for maintenance or to correct a severe issue.

5. Resources

The **Resources tab** is visible to enrolled students. The instructor manages this tab and will attach resources (usually in PDF format) that may be helpful to all enrolled students.

6. Reviews

★★★★★ 5.00 (1 Rating)

The **Reviews tab** is visible to anyone who navigates to this webpage. Prospective students will be reading your opinion. Only enrolled students have access to post reviews. Enrolled students will be invited to post a public review and submit an anonymous evaluation after completing the entire course and the final exam. We value your honest feedback on our program. However, please allow us the opportunity to correct or resolve process or site issues before you post a negative review.

7. Course Progress

The **Reviews tab** is visible to enrolled students and will update as you mark each lesson completed. Please complete assignments and quizzes in sequence for the best learning experience. This section includes the View Certificate tab to allow you to download it. Please keep your certificate to get a significant discount on a tutoring session.

Course Progress

49/ 60 82% Complete
